ABOUT ME

I am a passionate software developer with hands-on experience in building modern web applications. I enjoy solving real-world problems through clean, scalable, and user-focused software while continuously learning modern software engineering and Artificial Intelligence.

WORK EXPERIENCE

Full-Stack Developer (Freelance)

MERN STACK DEPLOYMENT & INTEGRATION

Built and maintained responsive web applications. Developed modular RESTful APIs, designed secure database structures, integrated third-party systems, and resolved performance bottlenecks to improve overall load metrics.

Backend Developer (Freelance)

NODE.JS • EXPRESS.JS • LARAVEL SYSTEMS

Developed secure backend services, designed optimized database structures, built RESTful APIs, optimized database queries, and improved application performance.

Frontend Developer (Freelance)

UI ENGINEERING & ANIMATIONS

Developed responsive user interfaces using React, Tailwind CSS, GSAP, and Framer Motion with a focus on performance and user experience.

PROJECTS

CDPW Church Platform

Full-stack administrative management application featuring role-based access control paradigms across multiple tiers, dynamic contribution logging frameworks, and SEO optimization for improved indexing and search visibility.

Tech: React • Node.js • MySQL • MERN Architecture • SEO

Voxel Game Engine

Browser-native 3D block-space sandbox environment rendering engine. Programmed optimized chunk loading and WebGL rendering for better browser performance.

Tech: Three.js • WebGL • Vanilla JavaScript

ZTC Courier Management System

Logistics lifecycle portal featuring transactional package tracking sequences, multi-role operative panels, and immediate delivery assignment modules.

Tech: PHP • MySQL • Bootstrap Framework

PolicySphere Insurance Portal

Developed an insurance management portal with secure authentication, claim management, policy tracking, and SQL Server integration.

Tech: ASP.NET MVC • C# • SQL Server

TECHNICAL SKILLS

Frontend Technologies

React.js, Astro, Tailwind CSS, HTML5, CSS3, GSAP, Framer Motion

Backend & Database Architecture

Node.js, Express.js, .NET MVC, Laravel, PHP, REST APIs, MongoDB, MySQL, SQL Server

Tools & Workflows

Git, GitHub, VS Code, API Systems, Functional Problem Solving

EDUCATION & TRAINING

Diploma in Information Technology

APTECH LEARNING — KARACHI | 2024 - 2026 (IN PROGRESS)

Specialization modules across Full-Stack Web Technologies, Database Engines, and Mobile Software paradigms.

Intermediate (Pre-Engineering)

BISE SUKKUR, SINDH | 2024 - 2026

Matriculation (Science)

BISE SUKKUR, SINDH | 2022 - 2024

LANGUAGES

Urdu: Native Proficient | **English:** Professional Working Capacity
